

International Conference on Antiviral Research (ICAR) 2020 Virtual Meeting Sponsorship Opportunities

The International Society for Antiviral Research (ISAR) will be hosting the ICAR 2020 Virtual Meeting this fall from September through December 2020. The virtual meeting will be comprised of weekly webinars that feature invited speakers from the originally planned Seattle conference – internationally recognized experts who will address recent developments in all areas of antiviral drug discovery and development. ISAR brings together and provides opportunities for virologists, chemists, clinicians, pharmacologists, biologists and regulatory agency representatives to develop the collaborative relationships needed for the discovery and development of new antiviral therapies.

ISAR invites your organization to become an ICAR2020 Virtual Meeting sponsor and join a prestigious list of organizations in supporting ISAR.
